Whiteboard and pens

Rules

Each infected square infects one adjacent square after each round. Spin the wind direction spinner to decide the direction

Freeze the virus in that square: it cannot spread

can eliminate the outbreak in one square

and one adjacent square of your choice (including diagonally)

Stop the virus advancing in a certain direction

can move 1 item per round

x1 or x1 or x1 or x1 or x1

can also move 1 square each round on their own (including diagonally)
